PATENT

REMARKS

The foregoing amendment to the claims corrects typographical errors in the degree values in claims 24, 26, 28 and 30. Independent claim 22 has been combined with the retardation value and angle limitations of each of dependent claims 29, 31 and 33 to form new independent claims 42, 43 and 44. Claims 22, 29, 31, 33 and 35-41 have been cancelled. The claims as thus amended are believed to be patentable over the prior art and in condition for allowance. The Examiner is invited to contact the undersigned if there are any further matters to be addressed.

If there are any other fees necessitated by the foregoing communication, please charge such fees to our Deposit Account No. 50-0959, referencing our Docket No. 109784.0002.

Respectfully submitted,
ROETZEL & ANDRESS
